

# INVESTOR TIPS

## **I'M INTERESTED IN INVESTING.** **- WHAT SHOULD I DO?**

- First you should determine your investment goals and risk tolerance (how comfortable you are with different levels of risk).
- Next you can do research on the different types of products and services that are offered for sale.
- Ensure that both the products and the persons selling them are registered with the TTSEC.
- Then get professional advice from a registered investment adviser who can help you match your goals with investment instruments that are right for you.
- N.B. Advisers are not authorized to hold your cash or transact business on your behalf
