TTSEC Officially Launches Securities Market Bulletin

The Trinidad and Tobago Securities and Exchange Commission (TTSEC), officially launched its Securities Market Bulletin to securities market participants and stakeholders at the Arthur Lok Jack Global School of Business (ALJGSB) on October 3, 2018.

The Securities Market Bulletin will prove beneficial to all of our stakeholders, as it will allow interested market participants an opportunity to more effectively evaluate the risks and potential benefits associated with investing in the securities markets of Trinidad and Tobago. In effect, it will facilitate more informed investment decision-making.

This bulletin is also important in identifying, monitoring and mitigating risks and vulnerabilities within securities markets, and the impact of the interconnectedness within securities markets globally.

This issue of the Bulletin highlights steady growth in the size of the securities market, as well as 29 percent growth in the number of registrants during the year ended December 2017. A copy of the [full document](#) is available on our corporate website www.ttsec.org.tt.
